APPLICATION INFORMATION

OUR EXPECTATIONS

As a new member of the FlyCay family, we have a few simple requirements for you to meet.

❖ **MONTHLY ACTIVITY** – We expect one flight within 7 days of your acceptance, and then AT LEAST 1 FLIGHT A MONTH, if unable to comply, a leave of absence is to be requested.

❖ **TEAMSPEAK ACTIVITY** – We expect all members to make an effort to participate in teamspeak. We cannot stress how important activity on teamspeak is, what makes us so special is our strong commitment to our pilots, and letting everyone voice their own opinions. ***Note you will certainly not be taking advantage of one of the greatest services that we have to offer to you by not participating in Teamspeak.**

❖ **FORUM ACTIVITY** – We expect all members to manage an active account in our online forums. These forums are a vital part of our operation as they are a base for us to announce the very latest in airline information and provide our pilots with the opportunity to voice their opinions and gain valuable feedback, as well as knowledge and experience. ***Note you will certainly not be taking advantage of one of the greatest services that we have to offer to you by not participating in our forums.**

❖ **EVENTS ACTIVITY** – We host events every week, we announce these events on our main website, in our forums, on Teamspeak and also within our Flight Logging software, so it is always easy to find out where we will be going to next. Events all pilots to meet, have a laugh, talk to eachother, and have a great time. **The experience of departing with your fellow turtles on a short trip, with visual contact and audio conversation (via teamspeak) is an indescribable buzz that you just need to try for yourself!**

❖ **VATSIM ACTIVITY** – We are based on the Vatsim Network, we do allow pilots to fly on IVAO, but we have far less of an impact on IVAO and so you may find very few of us buzzing around in comparison to Vatsim. Events are currently only supported on the vatsim network. By flying online you increase your exposure to the fabulous world of "close to life" virtual flying, you place yourself in a position to join us in our weekly events, and you promote the Cayman Virtual name everywhere that you fly. Vatsim is one of the largest promotional tools that we have, by doing a flight and including our website and airline in your remarks you are spreading the word and playing your part in the future development of our airline and operations, we cannot thank-you enough for that. **We will not reject your application, or revoke your status for not being an active pilot on Vatsim (some people just prefer to fly offline) – but we do require either a valid Vatsim ID or IVAO ID for the registration process, if you do not have this ID, your application will be rejected, or an admissions officer may be so kind as to add you, but will send a reminder that you need to acquire an active ID within the following days.**
